

Building Bridges in the Community

Members of the muslim community in Southampton are looking to open an independent primary school. As a result, Noor UI Islam Primary School received a request from their local paper to come and see what our school was all about.

Alhamdulillah we have a copy of their article in which they describe the good work that the school is doing.

Please click on the link to view it: Newspaper Article

They also did a video interview which you can watch by clicking on the link below. Please note that this link will take you to an external website over which the school has no control:
