

Qur'an Memorisation and Recitation Tools

Please find below links to some files that may assist you in your memorisation and recitation of the Holy Qur'an inshaaAllah, that the Islamic Studies department have put together and are used in the classroom as revision aids.

The files are in PDF format. Most modern computers will probably have the software that you need to run them. If they don't open though please ensure that you have a PDF reader installed on the computer.

If you don't have it the necessary software is free and can be downloaded from <http://get.adobe.com/uk/reader/> (If downloading from this site please remember to un-tick the option for McAfee Security Scan Plus if you don't want it)

Please note that these files are quite large (up to 150Mb) so they may take a few minutes to download depending on your connection speed.
